AND \_\_\_\_\_,  
(Publisher)

Related to Manuscript titled \_\_\_\_\_

\_\_\_\_\_  
To appear in Journal, Anthology, or Collection titled \_\_\_\_\_

2. Author and Publisher agree that wherever there is any conflict between this Addendum and the Publication Agreement, the provisions of this Addendum are paramount and the Publication Agreement shall be construed accordingly.

3. Notwithstanding any terms in the Publication Agreement to the contrary and in addition to the rights retained by Author or licensed by Publisher to Author in the Publication Agreement and any fair use rights of Author, Author and Publisher agree that the Author shall also retain the following rights:

- a. **Professional Activities.** The Author, without limitation, has the non-exclusive right to reproduce, distribute, create derivative works including update, perform, and display publicly, the Article in electronic, digital or print form in connection with the Author’s teaching, conference presentations, lectures, other scholarly works, and for all of Author’s academic and professional activities.
- b. **Author’s Final Version.** The Author retains the non-exclusive right to distribute copies of Author’s final version by means of any web server from which members of the general public can download copies without charge. “Author’s final version” means the final version accepted for publication, and includes all modifications from the publishing peer review process.
- c. **Published Version.** Author has the non-exclusive right to distribute copies of the published version of the Article by means of any web server from which members of the general public can download copies without charge, provided that Author cites the journal in which the Article has been published as the source of first publication, and further, that Author shall not authorize public access to the published version any earlier than six months from the date that Publisher first makes the final, published version available. “Published version” means the version of the Article distributed by Publisher to subscribers or readers of the Journal.

4. This Amendment and the Publication Agreement, taken together, constitute the final agreement between the Author and the Publisher with respect to the publication of the Article and allocation of rights under copyright in the Article. For record keeping purposes, Author requests that Publisher sign a copy of this Addendum and return it to Author. However, if Publisher publishes the Article in the journal or in any other form without signing a copy of this Addendum, such publication manifests Publisher’s assent to the terms of this Addendum.
