

Loyola Marymount University's William H. Hannon Library presents a new series,
FACULTY PUB NIGHT

**Coming this Fall to the William H. Hannon Library!
A new series of presentations from LMU Faculty
to celebrate recent publications or creative works.**

Are you a faculty member with a pending or recently published creative work, interested in discussing your work with the LMU community? We provide a casual setting for you to interact with LMU faculty, students, staff, and local residents, and advertise your work in the process. The forum is designed for you to give a brief presentation about your work, with time for discussion and questions. Light refreshments are provided.
