This survey was administered through Qualtrics.

[Informed consent language]. If agreed, moves on to the survey.

Introduction. Now that you have completed your official IRDL year, we would like to know where you are with your project, which is one of the specific IRDL outcomes; any new research you have begun; plus anything else research-related that you have done in the past year. We are also interested in your feelings about the entire experience from your current vantage point. We will use the results of the survey to assist us in writing a project status report for IMLS and future planning for IRDL, including the search for external funding and sustainable financial support.

1. As of June 1, 2023, which of the steps in your IRDL research project have you completed? (Select all that apply)
 - Data gathering
 - Data analysis
 - Presented the results at my institution or at a local conference
 - Had a presentation or poster accepted for presentation at a peer-reviewed conference
 - Did a presentation or poster at a regional, national, or international conference
 - Wrote up preliminary results, but not a complete article
 - Drafted an article for publication on the project
 - Submitted an article for publication on the project
 - Had an article accepted for publication on the project
 - Published an article on the project
 - None of these
